CE Webinar Leptospirosis: Prevalence, Updates, Cases

04:00 PM - 05:00 PM EST

Dr. Christopher Lee will present "Leptospirosis: Prevalence, Updates, Cases. From the Ivory Tower to the Urine-Stained Trenches of the Hospital". This presentation will review the updated information on the prevalence and incidence of leptospirosis in the US; provide an update on the September 2023 ACVIM consensus statement on leptospirosis in dogs; and walk the audience through the ACVIM-defined case definitions. The presenter will discuss real cases that focus on the potential conundrum of possible leptospirosis cases and realistic clinical approaches. See how one hospital has seen a tenfold increase its positive leptospirosis cases and how it approaches these patients.

Make sure to bring your phone to this interactive event!

Participants must attend at least 50 minutes of the webinar to receive a one hour CE certificate.

When: 21 August 2024 at 4:00 pm Eastern

Where: Zoom Webinar

Cost: Free! (a benefit of being an active or emeritus ACVPM Diplomate, an ACVPM candidate, or an active member of AAFSPHV, NAFV, NASPHV, or USAHA)
