IPP Seminar

Eagle Eye Banquet Center

15500 Chandler Rd

Bath, MI 48808

07:30 AM - 04:00 PM EST

MWEA - Caitlin Bowens, 517-641-7377

cbowens@mi-wea.org

?Dive into the future of industrial pretreatment programs (IPP) with the Michigan Water Environment Association (MWEA) at our upcoming seminar. The topics covered range from basic regulatory concepts to interacting with significant industrial users and implementation of successful strategies. Join us for insightful discussions, networking opportunities, and actionable insights that will shape the landscape of industrial wastewater management in Michigan and beyond. Whether you're seeking regulatory guidance or innovative solutions, this seminar is your gateway to staying ahead in the evolving field of environmental stewardship.

Who should attend? Professionals involved in industrial pretreatment programs, including wastewater treatment operators, regulatory agency personnel, environmental managers, and engineers.

MWEA Northern MI Wastewater Seminar

Jay's Sporting Goods - Gaylord

1151 S. Otsego Ave.

Gaylord, MI 49735

08:00 AM - 03:30 PM EST

MWEA - Dan Wood, 517-641-7377

dwood@mi-wea.org

Register today for the 2024 Northern MI Wastewater Seminar!

Expert-Led Sessions | Continuing Education | Networking | Employee Engagement

The seminar provides opportunities for wastewater operators, techs, managers, and environmental professionals to learn about the latest technologies, regulations, best practices, what's happening around Northern Michigan. Sessions are led by experienced professionals and experts who share valuable insights, case studies, and lessons learned. This provides attendees with practical knowledge that can be applied to their own facilities or operations. Vendors and suppliers often showcase the latest equipment, processes, and problem-solving solutions.

Attending the seminar helps build a sense of community among wastewater professionals in Northern Michigan. It fosters relationships that can lead to collaborative problem-solving and support in times of need. Engaging with peers and learning about new advancements and success stories can be motivating and energizing, helping attendees to return to their jobs with renewed enthusiasm and a fresh perspective.

Riding2NOLA-(Riding to New Orleans)

Grand Rapids

NA

Gary De Kock,
gdekock@gmail.com

Riding to the City of New Orleans (Riding2NOLA) is a cycling event planned to begin in May of 2024 in Grand Rapids, Michigan. We plan to start cycling from our home in Grand Rapids and ride a total of 1,074 miles. That is the distance from Grand Rapids to New Orleans, site of WEFTEC 2024. The difference is that our cycling will not actually take us to New Orleans. Instead, we will log the 1,074 miles on Michigan's beautiful system of bicycle trails. This keeps us safely out of traffic. It also makes it much easier to arrange our overnight accommodations since we can use our home as a base for those trails near Grand Rapids.

The goal of the fundraiser is to raise \$10,740 for Water For People (WFP). The ride is self-funded by the cycling team of Gary and Linda De Kock from Grand Rapids, so all sponsorship donations go directly to benefit WFP. The American Water Works Association helped to establish Water For People in 1991 and WFP is a Charity of Choice of the Water Environment Federation (WEF).

To support the voyage, visit our Ripple Effect webpage which can be found on the Water For People website. The fundraiser will finish by October 9, 2024, the last day of WEFTEC. Gary and Linda will post videos and updates on the Paddle With Purpose River Voyages Facebook page so you can follow along.

GOLD SPONSOR - \$2,000 Visual recognition at the Water For People WEFTEC 2024 booth Gold level visual recognition at the 2024 MWEA Annual Conference Listing on Paddle With Purpose Facebook page

SILVER SPONSOR - \$1000 Silver level visual recognition at the 2024 MWEA Annual Conference Listing on Paddle With Purpose Facebook page

BRONZE SPONSOR - \$500 Bronze level visual recognition at the 2024 MWEA Annual Conference Listing on Paddle With Purpose Facebook page

Pledges to Riding to the City of New Orleans can be paid directly to MWEA-Riding2NOLA, 5815 Executive Drive, Lansing, MI 48911, or through the WFP Ripple Effect webpage The final deadline for pledge payment is October 9, 2024. Contact Gary De Kock at gdekock@gmail.com for sponsorship opportunities and questions. Thanks for helping!

The Riding2NOLA event will raise funds for Water For People, a WEF charity of choice, whose mission is to promote the development of high quality drinking water and sanitation services, accessible to all, and sustained by strong communities, businesses, and governments. <https://www.waterforpeople.org/>

Register today for the 2024 Maintenance Seminar!

Expert-Led Sessions | Problem Solving | Networking | Employee Engagement

The seminar offers a chance to learn about the latest trends, technologies, and best practices in water and wastewater maintenance. The event features presentations and demos led by industry experienced professionals who provide valuable insights into practical challenges and solutions. Vendors and suppliers often showcase the latest equipment, tools, and software solutions.

The seminar provides a platform to connect with other professionals in the field, such as operators, maintenance personnel, engineers, and utility managers. Networking can lead to sharing experiences, forming partnerships, and staying updated on industry trends. Engaging with peers and learning about new advancements and success stories can be motivating and energizing, helping attendees to return to their jobs with renewed enthusiasm and a fresh perspective.

This year's theme is Pumps!
