September 14, 2024      **2024 International Tour in Poland**  
- September 20, 2024      12:00 AM - 11:45 PM MEA

*NARSA's next International Tour will take members to Poland September 14-20 as we visit 3 companies: SECO/Warwick, bspl. & Valeo. Members will need to fly into Kraków, Poland September 14 and depart from the airport in Berlin, Germany on September 20.*

*About SECO/WARWICK:*

*SECO/WARWICK is a technological leader in innovative heat treatment furnaces. Expertise includes end-to-end solutions in 5 categories: vacuum heat treatment, atmosphere, and aluminum processing, controlled atmosphere brazing of aluminum heat exchangers and vacuum metallurgy. SECO/WARWICK's headquarters is in ?wiebodzin, Poland.*

*About bspl.*

*Located in Krakow, Bspl. designs, manufactures and supplies complete cooling systems for vehicles and industrial equipment. BSPL is a strong and reputable OEM partner, providing customized thermal management solutions and enabling the transition towards sustainable mobility.*

*About Valeo:*

*The Valeo Thermal Systems site, based in Skawina, is the oldest Valeo site in Poland, where more than 2,000 workers are employed. The site designs and manufactures the latest generation of innovative Thermal Systems, which also focuses on CO2 emission reduction. The factory operates with robots to improve production processes and ergonomics at work. The collaborative robots can work with people, among others, as they can raise loads up to 50 kg and work with speeds up to 10 m/s. The Research and Development center in Skawina is involved in projects for many countries around the world. The achievements of our employees have already been awarded several times, among other international PACE Awards for the most innovative products in the automotive industry.*

November 4, 2024

**2024 Seekins/O'Connor Golf Challenge**

**2851 Grand Hills Dr**
